

## Minutes for the Moorpark Online Business Meeting February 7, 2026

### **Treasury report:**

In the last 3 months, we took in \$420. This doesn't include February, but we've met our expenses for the month already (on 2/7/26).

- Our expenses are \$20/month
- We keep a prudent reserve of 2 months = \$40.
- The rest we give away.

In the previous 3 months:

- 50% was sent to [SFVCO](#): \$210
- 40% was sent to [GSO](#): \$168
- 10% was sent to [Intergroup](#)

### **Decisions:**

#### **Court cards:**

For court cards, we've decided to go back to the automated process, rather than handle them manually by email. Please paste the following text in the meeting chat and read it aloud. Natara is updating the meeting formats to include this:

If you need a meeting verification, go to <https://aa-attendance.netlify.app/>, enter your name and today's date, select "Other meeting" and enter "Moorpark Online," and enter start/end time as "12-1pm", then download a verification slip as a PDF.

#### **Business meeting cadence:**

Moving forward, we've decided to have our business meeting every 6 months, rather than every 3 months. Per that schedule and assuming we meet on a Saturday at 1:15pm, the next business meeting would have been July 4, 2026, but since people will likely be busy celebrating American independence that day, we're scheduling our next meeting for the following Saturday, July 11, 2026. Mark your calendars!
